Why electricians choose Voltguard Web

Built for your trade

Dedicated pages for homeowners, estate agents, commercial clients, builders, landlords and solar / backup power. Not a generic template.

Transparent pricing

Every package has a fixed price. No hourly billing, no scope creep, no surprise invoices.

Exclusive to your area

We never sell the same visual template to two electricians in the same suburb.

How it works

From first message to live site in five days.

1 Free audit

We review your online presence and show you where you're losing jobs.

2 Pick a package

Launch, Growth or Dominate. 50% deposit to start.

3 Live in 5 days

We build, you approve, your site goes live. Balance due on go-live.

4 Keep growing

Add hosting care, ads, reviews and brochures whenever you're ready.

See it before you buy it

Ask for our live demo: a complete electrician website with audience pages, pricing tables and WhatsApp booking, plus five matching brochures.

Pick your package. Fixed price. Once-off.

Your content. Your brand. Fair terms.

You own your content

Your logo, photos and copy always belong to you.

Your site, licensed to you

Your built site and brochures are yours to use while you're an active client. If you leave, you get 30 days to migrate before the site comes down.

Brand assets are yours outright

Logos, business cards, flyers, vehicle wraps and email signatures are yours once paid in full.

Not included

Online shops (e-commerce), app development, email marketing campaigns and video production. We're happy to quote these separately if you need them.

All prices in South African Rand (ZAR). VAT is included where we are VAT-registered; every quote and invoice states this clearly.

Keep the jobs coming. Pay only for what you need.
